Spouting Profiles

Continuous Spouting is ideally suited to the New Zealand climate. The use of Colour Steel and Copper provides a high quality, attractive product that gives maximum protection from UV rays and will not warp, crack, or go brittle.

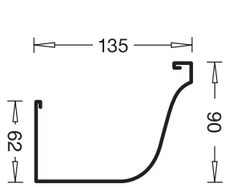

Manufactured on site, the spouting is made to measure. There are no joins to leak or sag. Continuous Spouting is available in O.G. 135mm & 150mm, 135mm 1/4 Round, and 145mm Deep Quad providing designs to complement all styles of home.

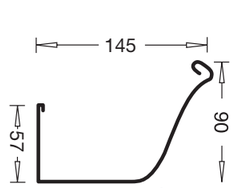

135mm O.G. Spouting

150mm O.G. Spouting

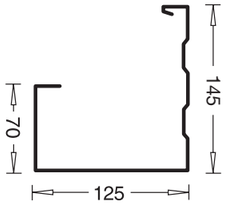

135mm 1/4 Round Spouting

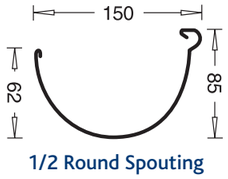

145mm Deep Quad Spouting

Other Profiles

Box Gutter and 1/2 Round Spouting are also available in 6 metre lengths.

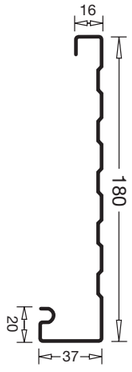

Box Gutter

1/2 Round Spouting

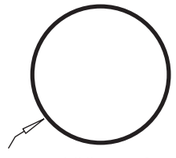

Fascia Profile

180 R5 Fascia made from Colour Steel provides a low maintenance finish that can be perfectly colour matched to our selection of spouting profiles.

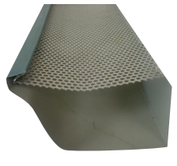

Downpipe Profiles

Continuous Downpipes are made from the same tough, weather-resistant, low-maintenance Colour Steel & Copper.
Traditional round downpipes compliment the design of any residential, commercial or industrial building.

80mm or 100mm Diameter
Round Downpipe

Leaf Guard

Leaf Guard prevents spouting from clogging with leaves and other debris.
